

Vetted Village Vendors Simplify Life for Local Couple

Have you ever been stymied by your remote control? Did you wonder which one turns on the TV and which one works the DVR? Did you question why you had so many remotes in the first place?

If you answered “yes” to any of the above, you’ll understand **Linda and Martel Bryant**’s frustration, especially since they had not one, not two, but *six* remotes!

So who do you turn to in this situation? Luckily for the Bryants, as members of Avenidas Village they had access to the Village’s extensive network of service providers—including one computer guru who turned out to be a godsend for the couple. “This terrific tech expert set us up with one universal remote,” says Linda. “He truly simplified our lives.”

That’s not all that Avenidas Village vendor **George Walker** has done for the Bryants. “He set up a printer for us, he showed me how to put my pictures on the computer and how to email them to my friends, and he even helped us set up our Christmas tree—completely above and beyond the call of duty,” Linda says.

Being able to tap into the Village’s expansive pool of vetted vendors is a huge draw for members, who realize that you aren’t going to find someone of such high caliber who provides exceptional service, often at a discount, on your own by just flipping through the Yellow Pages.

Linda agrees. “Avenidas Village vendors are really good. We are happy to have this resource available to us.”

What Martel appreciates about being an Avenidas Village member is “the feeling that you can really rely on the Avenidas Village staff. They are always there to help out.”

The couple has sampled some of the Village’s social events, with Martel attending neighborhood group gatherings and Linda enjoying a holiday party or two. They also like the monthly call they get from a Village volunteer, asking if they need any service.

“The sense of community Avenidas Village gives us and the support they provide, combined with the vendor network, are key benefits for us—and why we think our Avenidas Village membership is just great!” concludes Linda.

If you are interested in enhancing your own sense of community through Avenidas Village, call 650-289-5405.
