

Avenidas Village Provides Help and Friendship to Members

“Avenidas Village means a lot to me,” member Louise Sherman states. “I thought it was a wonderful idea when I joined in November 2007, and I still think it is a wonderful idea now.”

Louise has served on the Social Events Committee the past year. “I love this committee,” she says. “I love the people and the brainstorming and the variety of events we put on. I drive up even in the rain to the meetings!”

Attending the events is something else Louise enjoys. She went to the recent Vendor Fair and thought it was “fabulous.” She was also the lucky winner of a Trader Joe’s gift certificate at the event.

Louise has an interesting story to share about how the Village enriched her life. “I met a wonderful lady, Jo Moore, through Avenidas Village. It’s a shame I didn’t know her sooner. She’s lived just a few blocks from me for 40 years and I never would have met her if not for the Village. Now we are dear friends who carpool to social events and take turns driving to the Village lunch bunch gatherings. Jo is a sweet, beautiful lady.”

She’s also had good experiences with many Avenidas Village vendors. “I called AA Lock and their truck was here in less than an hour. I asked for and received a Village member discount. The locksmith was fast, courteous, and efficient--all you could wish for,” Louise reports.

She also contacted He-Man Plumbing for a toilet which would not stop running. “It was so quick and easy, and he did not even charge me. Turns out his specialty is sewer and drain cleaning. We talked about my visits from Roto-Rooter for big tree roots that clog my pipes every year or two. He said he could take care of that problem at a lower cost than Roto-Rooter, so that is good news.”

“Being an Avenidas Village member helps you stay longer in your house. You get the help you need, and the friends you want. It has been the best choice for me,” concludes Louise.
