Powered Clothing™

The Avenidas Generations Lab is recruiting participants to provide input for Seismic to make their products better for aging adults. Seismic designs clothing that enhances your muscles.

Seismic is looking for your participation for an on-going product development study.

Start with a 60-minute orientation:

1. Watch a video introducing Seismic and Powered Clothing
2. Learn of opportunities in our user testing program
3. Be measured and fitted for a Seismic garment

Ideal users are those that:

- Perceive they have difficulty with every day physical activities
- Are active, engaged individuals
- BMI less than 30

Participants will be paid \$25 for the initial orientation and the selected participants will be paid again for each hour of future participation.

1 hour appointments are available Tues thru Thur between the hours of 9:30 am -11:30 am and 1:30 pm - 3:30 pm from March – August, 2018.

Schedule your orientation through Avenidas
