## BECOME A SUMMER READING SUPPORTER.

Did you know more than 80% of students from low-income homes return to school in the fall reading at a lower level than before the summer? It's called the "summer slide." Access to interesting, grade-level books makes it possible for students to retain their reading skills over the summer. You can help Reading Partners students combat the summer slide and continue to love reading by contributing to its summer reading campaign. You will help ensure nearly 800 Reading Partners students have a pack filled with books, supplies and a reading adventure checklist. To donate, email Monique at [monique.garcia@readingpartners.org](mailto:monique.garcia@readingpartners.org).
